[1868Smoke.com](http://1868Smoke.com)

The Saturday morning clinic session prior to the on-field work will be held at the clinic host location (Maritime Conference Center). Shuttle bus transportation will be provided between the clinic location and the game sites on Saturday. The shuttle bus schedule is included at the end of this package. Officials may elect to drive to their assigned site if they prefer.

Each official is assigned to a specific game and site. As in the past, the games will include on-field instruction by NFL and NCAA Division I officials.

SemiPro Games - There are eight SemiPro games and four crews have been assigned to each game (32 crews total). Each crew will work one entire quarter. Some officials have been assigned to multiple crews (will work two different quarters). Attendees working on the field are encouraged to contact members of their crew(s) prior to the clinic. Contact information (email addresses) is provided in this package. Additionally, there will be roughly 45 minutes set aside in the clinic agenda on Friday for crew meetings.

Uniform Notes: Please bring both short sleeve and long sleeve shirts and black pants. The TBFOC will provide uniform number bibs that can be pinned on the back of the striped uniform shirt. The bibs do not need to be returned. The average high temperature for the second week in March is 54 degrees.

Game Notes: Be aware that these games are official games in the teams' respective leagues and that the results count in their standings (these are **not** scrimmages). Additionally, the SemiPro games will be played under modified NFL rules. You are not expected to have intimate knowledge of the professional rules and the on-field TBFOC training staff will be available for any unusual rule situations or interpretations during the game.

## TBFOC Attendees,

On behalf of the entire RefMasters team, we wish you a phenomenal camp. Your participation signals **true dedication** to excellence. For that, we salute you.

It is a great honor to be a small part of this year's program. Like Tom Beard, we understand that elite officiating is a **24/7/365** pursuit.

It's why we created the RefMasters platform. We believe **THE WAY** to elite officiating is through deep study + great company. We also believe you should be able to access this **anytime, anyplace.**

So let's keep the exploration going **all year long.** It might be through daily discussion with our growing, global community. Or at a **RefMasters University** film session led by our NFL, MLB and NBA officials.

To be the best, you should study with the best. You're here, so you must agree.

**Thank you** for all you do to make this game great. Your passion and purpose inspires us to keep serving you.

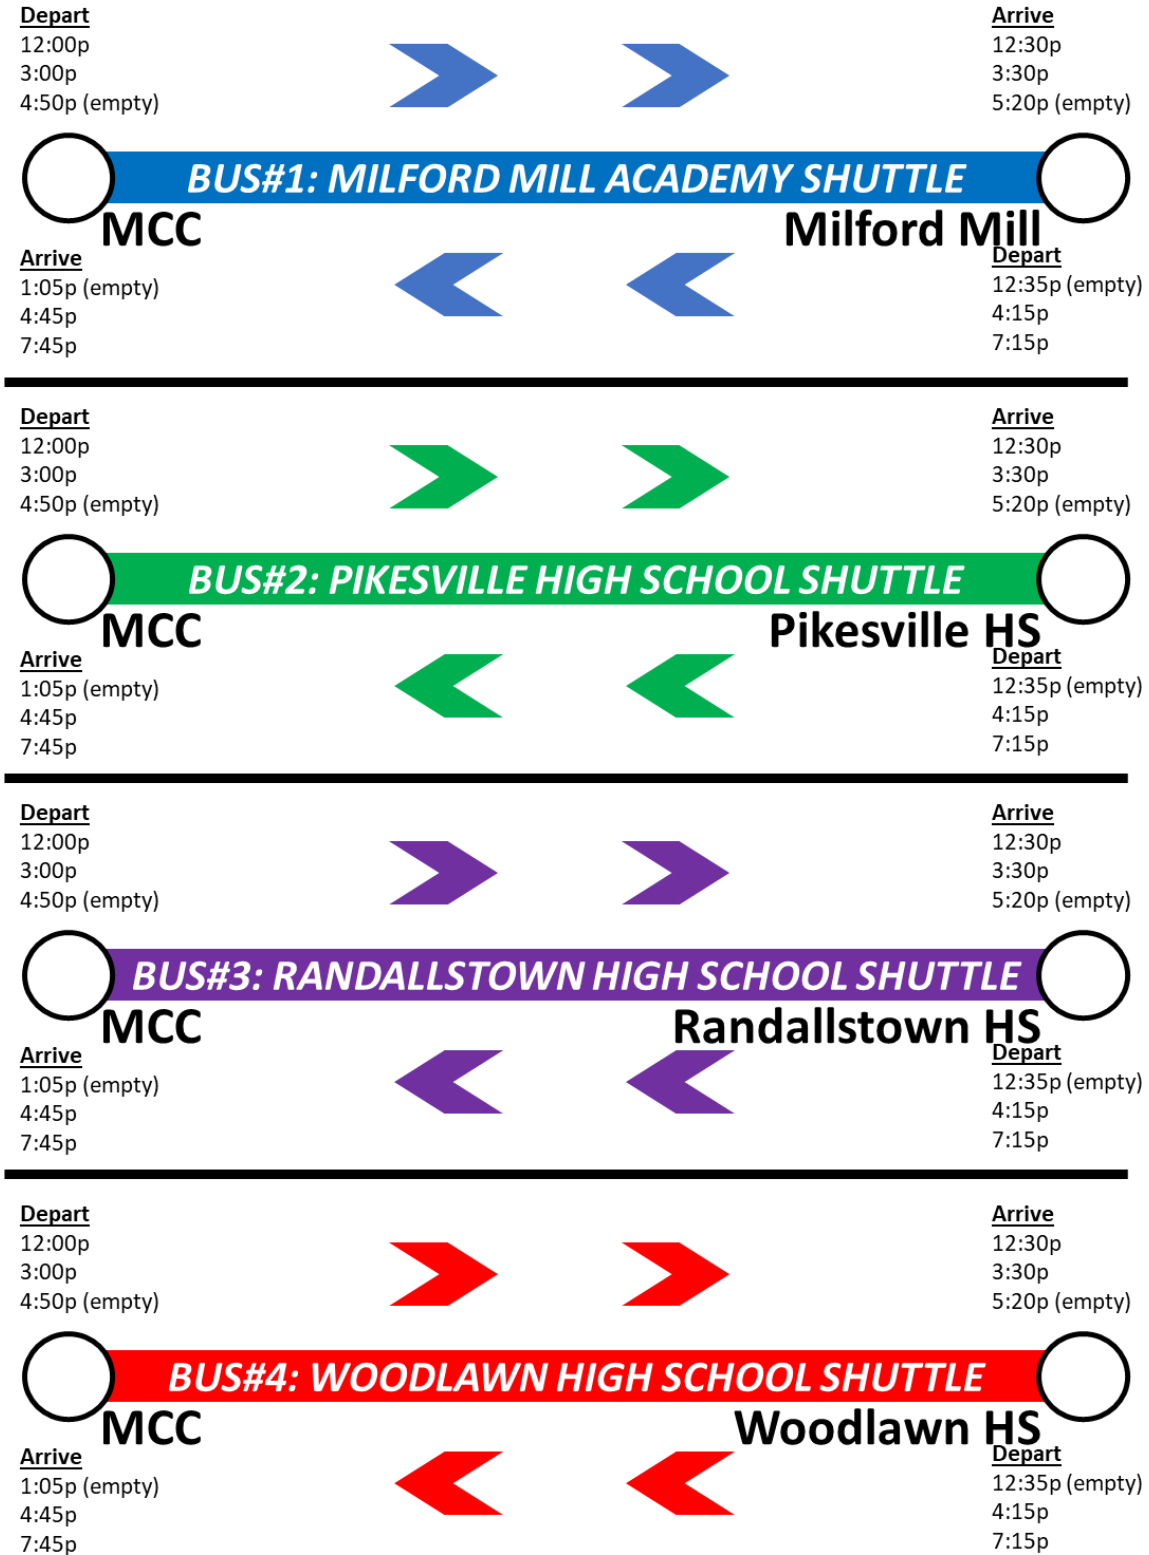

Now go forth, and **RUN THE GAME!**
